**CYPRESS CARE ANNOUNCES CONTRACT WITH CALIFORNIA INSURANCE
GUARANTEE ASSOCIATION (CIGA)**

Atlanta, August 13, 2008 – Cypress Care today announced that it finalized a contract with the California Insurance Guarantee Association (CIGA) to provide pharmacy benefit management (PBM) and durable medical equipment (DME) supplies for CIGA’s workers compensation insurance program. The contract has an initial term of two years.

Cypress Care’s PBM service consists of pharmacy claims processing, including retail and home delivery, formulary management, prospective drug utilization review and helpdesk support. In addition to pharmacy services, Cypress Care coordinates the delivery of authorized DME and supplies to claimants, including both custom and standard orders. Commonly ordered DME and supply orders include wheelchairs, crutches and wound care supplies.

“We are pleased to have the opportunity to provide pharmacy management and durable medical equipment solutions to CIGA,” said David A. George, Cypress Care chief executive officer. “This key relationship further expands Cypress Care’s presence in the workers’ compensation industry, and particularly in California, and allows us to further expand our product offerings for this prestigious customer. We look forward to demonstrating to CIGA that Cypress Care provides the best possible care to its claimants through clinical and technology solutions.”

“CIGA utilized a comprehensive competitive bid process to select Cypress Care as its vendor,” said Wayne Wilson, executive director of CIGA. “The objective bid process helped CIGA select a vendor capable of providing quality services at competitive prices with improved outcomes consistent with CIGA’s business requirements.”
